28 April 2020

RE-OPENING OF AURORA TREATMENT CENTRE- COVID 19 PROTOCOL

Amidst the COVID-19 pandemic, President Cyril Ramaphosa announced a state of emergency and total lockdown on Monday 23 March 2020. After deliberation with our management board, a decision was made to close the Aurora Alcohol and Drug Centre for the lockdown period. The Centre closed at 16h00, Thursday 26 March 2020 until further notice.

The Management Board acknowledges the need for delivering this essential service during these trying times.

The necessary preparations were made for the Aurora Alcohol and Drug Centre to re-open on Monday 4 May 2020. Admissions will start on Tuesday 5 May 2020.

Admissions and service delivery will take place with strict guidelines and protocols to prevent infection and the spread of the COVID-19 virus.

We appeal to all South Africans to heed the President’s call to stay safe and to follow the regulations published by the various government departments.

For any enquiries or more information regarding the booking or admission procedure during the lockdown period, kindly e-mail director@auroracentre.co.za or info@auroracentre.co.za, send a Whatsapp to number 083 450 5427 or call 083 450 5426. Your call will be answered in a timely fashion.

Yours faithfully
