The Eersterivier outreach is a fun-filled outreach on the beach of Eersterivier, near Port Elizabeth. The team of 20 members planned an exciting daily program for three weeks. (14 December 2019 - 2 January 2020). This includes volleyball, cricket and touchies on the beach, potjiekos competition, activities for children and helping out the local church with their bazaar. They also volunteer to help with handing out gifts to the community on the 24th of December. Eersterivier outreach is a joyful platform where one can serve the Lord and build relationships. The team is very excited for the experience to take place! - Jance van Rensburg

Staptoer 2019 was a first-time hike on The Giant’s Cup Trail in the Drakensberg. This stunning 5-day hike took us from Sani Pass to just a few kilometres from the Lesotho border. Among the noteworthy sights was a small cave system just off the trail. The hardest day ended with a beautiful sunset over a small lake, making the hardship of the day all worth it. The friends and memories made will be cherished forever and we know the hike will go beyond expectation in 2020! - Eduard Stoffberg
